Fun Put in Math With Plane and Fancy Text

ALAMEDA (UPI)—Many students of the old school will disagree with a new textbook just by looking at the title — Geometry Can Be Fun.

But fun or not, few people would want to argue the question with the author, Louis Grant Brandes, vice president at Encinal Higs School in Alameda. Brandes stands six-three, weighs 240 pounds.

The book, (published by J. Weston Walch of Portland, Me.,) supplements classroom work in mathmatics from the seventh through 12th grades. It can be used either as a teacher's guide or as a classroom exercise volume.

Trick or Riddle

It covers more than just plain (or plane) geometry, going into arithmetic, algebra and logic.

Brandes, 41, collected material for the book from teachers and students all over the nation. Many instructors have contributed favorite trick problems or riddles on mathematical subjects.

Some of the problems are old-timers, such as how much dirt there is in a hole of certain dimensions (none, of course). Some are geometric constructions. And most are far from the conventional geometry problems.

Bear Story

Here's one that won't be found in any other geometry book — "A hunter starts from his camp, goes due south for one mile, then turns and goes due east for one mile. At this point he shoots a bear. He returns to his camp by walking one mile north. What color was the bear?"

The answer — "Since the incident could take place only at the North Pole, the bear must be white."

New Track Opens in NY

NEW YORK (UPI) — The opening of the new $33,000,000 Aqueduct race track was a rousing success.

Even officials of the New York Racing Assn., many of whom labored six years in planning this modernistic "palace of chance," were pleasantly surprised by the turnout at Monday's opening show.

A crowd of 42,473 showed up for Aqueduct's "baptism." The fans were in a betting as well as ???? mood, wagering $3,430,765 on nine races.

The total mutuel handle was even more impressive than the attendance, almost matching last Monday's handle at Belmont Park when a much larger crowd —50,050—bet $3,794,702 on a nine-race Labor Day program.

Hillsdale, the season's leading money-winner, was the hero of the opening day, scoring a three-quarter length victory in the $59,200 Aqueduct Handicap.

LA Accepting Series Orders

LOS ANGELES (UPI)—The Los Angeles Dodgers decided late yesterday to accept mail orders for tickets to the World Series.

That was after the National League-leading San Francisco Giants lost in the afternoon to move the Dodgers and Milwaukee—tied for second place—to within 1½ games of the Giants.

Last night the Dodgers lost to Milwaukee, 4-1, and were dropped to third place two games behind the NL pace.

Fraser, Partner in Doubles Victory

FOREST HILLS, N.Y. (AP) — Neale Fraser and Mrs. Margaret DuPont won the national mixed doubles tennis championship for the second straight year Monday with a 7-5, 13-15, 6-2 victory over Bob Marks of Australia and Janet Hopps of Seattle.

Kenville Joins Pistons

DETROIT (UPI)—Bill Kenville came out of a one-year retirement to sign a 1959-60 contract with the Detroit Pistons of the National Basketball Assn. Kenville, former St. Bonaventure star, had played five seasons in the NBA.

LITTLE LIZ

Maybe it just seems like the worst behaved kid in school has the best attendance record.

Sea Water Is Future Hope

MINNEAPOLIS (UPI) — A spokesman for the plumbing industry says more economical methods of distilling sea water offer the best method for escaping a critical shortage of water by 1978.

Roy T. Gustafson, regional director of the National Association of Plumbing Contractors, said estimated consumption of water in the U.S. will surpass 500 billion gallons daily by 1978, twice as much as we use now.

He said presen methods of evaporating and distilling sea water cost about one dollar per thousand gallons, only a little higher than rates in some parts of the country for the conventional water supply. Gustafson said that could be reduced to 70 cents per thousand gallons in the near future.

Prominent Ranch Owner Succumbs

SAN JOSE (UPI) — Frank J. O. Connell, prominent rancher and Republican party figure in California, died at a hospital here Sunday following a long illness. He was 70.

O'Connell and his three brothers began working in this area as ranch hands and eventually owned the 17,000 - acre Dunne ranch on the San Benito-Santa Clara county line. He retired in 1947.

Forest Fires Under Control

SAN FRANCISCO (AP)—Fires set by lightning in Northern and Central California over the week end all were controlled by Monday night.

A 3,200 acre brush and timber blaze in eastern Tehama County burned 15 million board feet of timber.

Showers helped put out at least 22 fires in Sierra National Forest, while 30 men in Yosemite National Park were under control.

Sales of U.S. Bonds Down

WASHINGTON (AP)—The Treasury announced yesterday that Americans last month continued to cash in savings bonds faster than they bought new ones.

August sales of E and H savings bonds totaled 309 million dollars, or 60 million less than a year earlier. Redemptions of old bonds came to 454 million, including 68 million in accumulated interest. Redemptions in August 1958 totaled 380 million.

Congress last week authorized the Treasury to boost the interest rate on savings bonds to 3¾ per cent, retroactive to June 1. President Eisenhower is expected to sign the measure shortly.

Spent $300 Million

American tourists spent 300 million dlolars in Mexico and an equal amount in Canda in 1958 —more than in any other foreign country. Next came Italy, followed by France and Great Britain.

THIS GRID 'TRAP' PROVES PAINFUL

SAN GABRIEL (UPI)—The latest "trap" in football—a real steel-pronged trap set inside a gopher hole.

Lynn Edwin, 17-year-old lineman at San Gabriel High, reported yesterday that when he began running around the school track with other players on coach Howard Hunt's orders after practice he accidentally stepped in the gopher hole and really was "trapped." His injury was painful but not serious, he said.

Lower Stock Market Cuts Some Losses

NEW YORK, Sept. 15 (AP)—A lower stock market cut some of its losses in moderately active trading late this afternoon.

Volume for the day was estimated at 3,000,000 shares compared with 2,590,000 Monday.

In a fairly severe decline, key stocks dropped from fractions to 2 points or more.

Depressed by the tight money situation and uncertainty over the impact of Soviet Premier Nikita Khrushchev's visit, the market was lower from the start with motors very active.

Ford, which had been off close to 2 points, cut its loss to a fraction. American motors remained off about a point.

Republic Steel and Youngstown Sheet remained lower by about a point while U.S. Steel cut a 1-point loss to a fraction and Jones & Laughlin posted a gain of close to a point.

Kennecott was down more than 2, Allied Chemical about 3 and Du Pont more than that.

Thiokol, General Instrument, Dow Chemical, Zenith, Air Reduction, Texaco, United Aircraft and U.S. Rubber dropped about a point each.

Prices of some long-term government bonds touched historic lows today in quiet trading.
